STATEMENT:

Neighbors,

Our district is one of the most beautiful in the state and holds
great potential for our future. We are the fastest growing area in
all of Alaska. This growth has put stress on our communities as
it spreads up and down the rail belt. Our communities have
already extended beyond what anyone envisioned, and many of
our landmarks have already disappeared. We need to keep the
future in focus. I can do that.

Our schools, roads, businesses, and our lives depend on a
fragile and overburdened infrastructure. Our plans for the future
must include our young people, our seniors, and our veterans.
We need safe and effective schools. We cannot lose more
young people to drugs and poverty as a result of a lack of
educational opportunities and better business opportunities.

Our district has endured almost a decade of rhetoric and delayed
promises. This has led to breaking down the faith people have
in the integrity and ability of their government to function well.
We know that businesses and families do not thrive in failed
communities. I will work for effective government and to restore
faith in our institution. Our well-being depends on it.

I have proven my expertise in job creation through partnering
and coalitions. I work with people on both sides of the aisle. I
can solve problems, and I will work to move our district and
Alaska in a new direction. To do this, I need your vote today and
your support tomorrow. Thank you.
